

STATE OF NEW HAMPSHIRE
DEPARTMENT OF ENVIRONMENTAL SERVICES
AIR RESOURCES DIVISION
CONCORD, NEW HAMPSHIRE

**NOTICE OF TITLE V OPERATING PERMIT REVIEW PUBLIC
HEARING AND COMMENT PERIOD**

Pursuant to the New Hampshire Code of Administrative Rules, Env-A 622.02, notice is hereby given that the Director of the New Hampshire Department of Environmental Services, Air Resources Division (Director), has received an application for a Title V Operating Permit from, and based on the information received to date, intends to **issue such Title V Operating Permit to:**

**NextEra Renewable Fuels, LLC
840 West Hollis Street
Nashua, NH 03062**

NextEra is a landfill gas to energy facility located at Four Hills Solid Waste Landfill in Nashua, New Hampshire. A vacuum blower is used to extract gas from the landfill and convey the gas to the landfill gas to energy (LFGTE) facility. The primary sources of emissions at the Facility are a Caterpillar G3516 LFG-fired engine and a Caterpillar G3520 LFG-fired engine. The Facility is a major source for CO and Hazardous Air Pollutants (HAPs) and is therefore required to obtain a Title V Operating Permit.

The application and draft permit are on file with the Director, New Hampshire Department of Environmental Services, Air Resources Division, 29 Hazen Drive, P.O. Box 95, Concord, NH 03302-0095, (603) 271-1370. The application and draft permit are available through the NHDES OneStop online database (DES Interest ID: 3301100231). Please contact us at the above address and phone number if you would like to review the application or draft permit but cannot access it through OneStop. Additional information may also be obtained by contacting **Sheila Rydel** at the above address and phone number. Requests for a public hearing and/or written comments filed with the Director in accordance with Env-A 622.05, and received no later than **October 10, 2023**, shall be considered by the Director in making a final decision.

Craig A. Wright; Director;
Air Resources Division
