

*In Memory*  
**James  
Townsend**

*2 March, 1951 -  
25 February, 2025*

Well Jim, It's been a year since you left us. For those of us that knew you well as a close friend, the void left behind has only widened. We've had to painfully grow accustomed to not seeing "Townsend, James" on our phone caller ID's. We miss your warm smile, great sense of humor and sincere love for those special to you. These hallmarks of your fun personality remain indelibly etched in our memories of you Jim. As your birthday approaches, we need to choose a lunch venue...you know I'll get the tab, you can grab the next one in about a month.

***See ya then pal...***
