Mr. Justin Raber
Wood County Board of Education
1210 13th St.
Parkersburg, WV 26101

President Raber:

Over the last four years I have been honored to serve Wood County, the Board of Education, and all other school stakeholders as Superintendent of Wood County Schools. Together, I believe we have positively impacted our children, schools, and personnel as our academic focus has been the driving force in our improvement process.

I would also like to thank our excellent employees. They have tirelessly worked each day to improve our education system regardless of the challenges they have faced. Their dedication, perseverance, and hard work will continue to impact many lives in the years to come. We are very fortunate to have employees that thrive on intrapersonal motivation to make a difference each day.

Once again, I have been honored to serve you. On July 1, 2022, I will begin a new journey in my professional career as Superintendent of Jackson County Schools. Please accept this letter as my resignation, effective July 1, 2022. Thank you for your support throughout the years.

Respectfully,
