To the Students of the Lordstown Community,

Thank you for sharing your thoughts and pictures with me. I see how much you care about your family, friends and community, and I understand why you are sad and worried. I want you to know that I care about them, and about you.

Like you, I am proud of them and grateful for the years they've been part of our GM family. We're working hard to continue finding ways to support them and your community.

We're starting by offering jobs at other GM plants for many of the Lordstown workers. We're also partnering with the United Way in your neighborhoods to help families who decide not to relocate to another GM plant.

Thank you for being engaged and involved in your community.

Sincerely,
