

Nominate A Community Star!

In an annual tradition, the Tribune Chronicle and Trumbull 100 are seeking nominations to honor people who have used exceptional efforts to improve our community as a whole through their volunteer efforts. These "Stars" are people who make life better through extraordinary caring and who have left a notable impact on their community.

We're looking for caring people throughout Trumbull County who take time to lend a hand outside of their regular job by volunteering.

We'll select 10 people to honor with a story and photos in a special souvenir booklet.

Judging is based on the information and narrative in the nomination submission.
